PROGRAM OVERVIEW

WHAT IS LEADERSHIP® MIAMI?

Leadership Miami offers participants the opportunity to share an intensive learning experience that focuses on community issues and leadership skills through a planned process of lectures, seminars, small group discussions, and leadership curriculum developed in partnership with local universities.

One of the key purposes of Leadership Miami® is to prepare the next generation of Miamians to address vital issues affecting Miami-Dade County and meet future challenges. The program's dynamic format stimulates animated and critical discussions among participants and guest speakers.

OPENING CONFERENCE

During the two-day Opening Conference, community leaders, university leadership experts, government officials and prominent business executives present and teach their individual perspectives on a wide variety of topics. All presentations are followed by question and answer sessions and small group discussions led by recent Leadership Miami® graduates who serve as facilitators. Leadership skills form a basic component of these group workshops.

LEADERSHIP DEVELOPMENT

Greater Miami Chamber of Commerce's Leadership Miami® program provides an advanced leadership development curriculum delivered by top experts from South Florida's leading educational institutions: Barry University, Florida International University, Florida Memorial University, Miami Dade College, Nova Southeastern University, St. Thomas University, and the University of Miami. LM graduates will gain leadership credentials through our unique higher ed partnerships.

FOCUS SESSIONS

The goal of the focus sessions is to develop leadership skills needed in today's fast changing business climate and encourage further exploration and action related to specific community issues. To encourage the development of leadership skills, additional sessions are held one Saturday each month, following the Opening Conference. At these sessions, participants have the opportunity to develop friendships and network with peers in their assigned team for the duration of the program.

FIELDWORK

As an integral part of your Leadership Miami® experience and curriculum, each participant is required to complete fieldwork assignments in order to graduate. The primary purpose of fieldwork assignments is to broaden your awareness of your community, to experience diverse cultures and needs, and learn the importance of philanthropy.

COMMUNITY SERVICE PROJECT

A critical component and rewarding part of the program is the participation by all members in a volunteer service project of their team's choosing at Opening Conference. The Community Service Project is a fundamental part of the Leadership Miami® curriculum and a requirement for completion of the program. Through the selected nonprofit project, team members will develop team building, leadership skills, and a shared unique experience. The purpose of this portion of the program is to broaden participants' awareness of community needs and facilitate their involvement in local volunteer programs, aid in the empowerment and revitalization of Miami-Dade County, and to provide a fun environment where participants can practice/ develop team and individual leadership skills.

CLOSING CONFERENCE

The program year concludes with a graduation celebration. The session is dedicated to the review of skills and issues discussed throughout the year and to participants' presentations of their Team Community Service Projects. During this celebration, the Carlos Arboleya Community Service Award is presented to an outstanding current participant, nominated by their peers.

ALUMNI ACTIVITIES

Participants may continue their support of Leadership Miami® by not only attending various alumni events but also serving on various planning task forces or as team facilitators. The committee is comprised of alumni, with the responsibility of administering the program each year. Graduates are invited to participate in the planning and design of the following year's Leadership Miami® program.

TESTIMONIALS

"I was in one of Leadership Miami's first classes, and the program's value has only grown. Time and again, we've seen rising leaders at Jackson benefit from the networking, philanthropy, and professional development infused throughout the program. It's especially valuable as a space to build relationships and problem-solving skills that cross institutional and industry lines – a place where we come together as Miamians to share the work of uplifting the entire community."

Carlos A. Migoya

CEO, Jackson Health System

Leadership Miami® Graduate, Inaugural Class

"Leadership Miami® made a significant impact on students at CARE Elementary School by providing classroom sets of grade level books and a terrific collection of books for each student to take home. Having access to books is one of the key factors in promoting the love for reading which makes a transformative difference in children's lives. Renovating the teachers' lounge helped our teachers know how special and appreciated they are. We are so grateful and hope to continue the partnership with this program."

Christopher Simmonds

Principal, CARE Elementary School

Leadership Miami® Partner Class 44 Spring

"Based on my experience during Leadership Miami's Spring Class 44, I would define the program as one of the best examples of how an organization can strengthen a community. The Greater Miami Chamber of Commerce has formatted a program that gives future leaders a well-defined and integrated program through which I was able to experience community service, networking, learning and exploration of Miami-Dade County. My prior experience with other leadership programs have had benefits but not to the level of Leadership Miami. As I reflect back on the timeline of my participation and the team members I met, I am truly appreciative of the guidance provided by the Chamber executives, staff and team leaders who were fully engaged in making the overall experience truly rewarding."

Deborah (Dia) Finley

Leadership Miami® Graduate, Class 44 Spring

TESTIMONIALS

*"The Leadership Miami® program was one of the most significant professional and personal experiences in my life. Participation in the program taught me what makes Miami.. **Miami**. My continued engagement has brought me friendships for a lifetime. I cannot ever imagine not being involved with Leadership Miami."*

Patrick Morris

Equity and Engagement, Office of Mayor Daniella Levine Cava
Senior Manager Civic & Philanthropic Partnerships

Leadership Miami® Graduate

"There is no better program to welcome professionals to Miami than GMCC's Leadership Miami. I have witnessed the impact that this program has had on the NextEra Energy & Florida Power & Light employees that have been able to go through this experience. LM is the Unofficial Miami Onboarding session. While our professionals are in the midst of the program, they bring back the energy of Greater Miami into our company. More importantly, aside from expanding their professional networks immediately, LM participants are immersed in our Community in a way no other program offers."

Franco Cantero

Sr. Business Development Consultant
FPL Energy Services/ A NextEra Energy, Inc.

Leadership Miami Employer Participant

WHY JOIN?

INDIVIDUAL BENEFIT

TIME COMMITMENT

- Leadership Miami runs from February to June
- In-person sessions (1 Saturday a month) focused on professional development and discussion of community related issues
- Additional time will be needed for the Community Service Project which is to be Completed within a 90-100 day timeframe

EXAMPLES OF PAST PROJECTS

Team Ignite (LM44 Spring) partnered with CARE Elementary to nurture its students' love of reading and learning. Team Ignite and its supporters helped over 140 enthusiastic students in PreK through grade 5 grow as readers by building and stocking a library in each of CARE Elementary's classrooms and gifting each student his or her own home library of 10 age-appropriate books. Team Ignite exceeded their fundraising goal early on to which these additional funds helped complete their wish list items that comprised of organizing a book fair, hosting various author visits, remodeling the teachers' lounge, furnishing CARE's new Pre-K 4 classroom, and helping CARE by providing books for years to come through community engagement. Ignite fostered a love for reading, provided opportunities for interaction with authors to spark imagination, improved the teachers' work environment, and enriched the educational environment."

Camp Mahachee (LM44 Fall) has provided Girl Scouts of Tropical Florida with an expansive open space for camping and fellowship amidst Miami's urban growth. Celebrating 100 years of the Girl Scouts and 75 years of Camp Mahachee, Vill4ge Mi4mi raised funds to revitalize the area around the cabins and trail area which provided opportunities for girls in our community to discover their own potential, build relationships, learn lifelong skills, connect with nature and make the world a better place. The project efforts went to paint the cabins, add to the greenspace, build a new fence to provide privacy and remove invasive species. The impact of our refurbishment of the space is multifaceted and create new opportunities for the Girl Scouts to expand and harness Camp Mahachee's brand, network, visibility and, most importantly, bring people into firsthand contact with this community space. Leftover funds were spent on 'Community Troops' which ultimately supports over 30 Girl Scouts to become just that in providing them and their families the financial assistance to do so. This would give more young girls in our community the ability to tap into fellowship, friendship, confidence, and become part of an organization that prides themselves on reaching their full potential.
