

TECHNOLOGY & INNOVATION COMMITTEE

2024-2025 TECHNOLOGY & INNOVATION COMMITTEE GOALS

- Hold 3 forums for members. Topics may include:
 - Miami Tech Works as an educational resource for tech businesses, with apprenticeship programs.
 - Technology in traffic management.
 - Bridging the Digital Divide: Technology as policy and eliminating connectivity issues that still exist
- Collaborate with Climate Tech Hub to help identify small businesses that can scale climate technologies and create jobs.
- Conduct committee member survey on committee engagement.
- Develop a plan to engage with and recruit ten new tech companies to GMCC and the Technology and Innovation Committee and implement by December 2024.
- Recruit ten new members from the tech industry.
